Templates for invitation Emails

Here are some example templates for email invitations to girls who've previously attended a Dojo.

Example for a Dojo not covering a specific topic

Hi <NAME OF CODER>

We've held a ticket for you if you'd like to come to this month's CoderDojo session at <VENUE> on <DATE AND TIME>.

At this Dojo you can work on a project you're already doing or find out how to get started with an area you're interested in. Some examples of things you could do with code are:

Writing interactive fiction

Building a website

Making music

Building an app

Wearable technology

No previous experience with coding is required.

Let me know if you'd like to come along and I'll send you the ticket.

Best wishes,

<YOUR NAME>.
